Popup Insulated Foil Wrap Sheets

Why our product:

Insulated foil is the best packaging for any hot grab-and-go foods like burgers, burritos, tacos and hot dogs. The outer aluminum layer keeps the heat in while any moisture is absorbed on the inner paper side, giving the customer an excellent and delicious experience up to 1hr after leaving your restaurant. Our first-in-the-world patented interfolded popup design reduces the risk of bacterial cross contamination and allergen cross-contact. It's also easier to use compared to flat sheets, improving packaging efficiency. Our product will not deteriorate or leave paper on the customers food like the other products do. (Tested at 2.5 hours in a warmer.)

Material:

Laminated aluminum with a paper bilayer. 250 pre-cut sheets per dispenser. 6 dispensers per case. (1500 sheets total).

Applications:

Hot grab-and-go food! Sandwiches, burgers, burritos, tacos, empanadas, bagels, pizza, etc. The popup design is great for restaurants and schools to avoid allergen cross-contact, keeping customers safe. FDA and USDA compliant.
