Winlon Flat Poly Sheet Hamburger Liner

Why our product:

The special embossing allows sheets to dispense easily to improve efficiency. Economical alternative to wax paper. Eliminates food sticking together, reduces food contamination and prevents freezer burn.

Product description :

HDPE sheets packaged flat in a dispenser or master pack. Our products are designed to be moisture proof, odor proof, and grease proof.

Applications:

To use in the separation of fresh and frozen hamburger patties for displaying and freezing. Prolongs the life of the patties by eliminating moisture. Allows storing for long periods of time and will not leech on or stick to your product. Our products are FDA and USDA compliant.

Size for this product is 5x5

We offer private label on all our products minimum order quantity and conditions apply.

Popup Insulated Foil Wrap Sheets

Why our product:

Insulated foil is the best packaging for any hot grab-and-go foods like burgers, burritos, tacos and hot dogs. The outer aluminum layer keeps the heat in while any moisture is absorbed on the inner paper side, giving the customer an excellent and delicious experience up to 1hr after leaving your restaurant. Our first-in-the-world patented interfolded popup design reduces the risk of bacterial cross contamination and allergen cross-contact. It's also easier to use compared to flat sheets, improving packaging efficiency. Our product will not deteriorate or leave paper on the customers food like the other products do. (Tested at 2.5 hours in a warmer.)

Material:

Laminated aluminum with a paper bilayer. 250 pre-cut sheets per dispenser. 6 dispensers per case. (1500 sheets total).

Applications:

Hot grab-and-go food! Sandwiches, burgers, burritos, tacos, empanadas, bagels, pizza, etc. The popup design is great for restaurants and schools to avoid allergen cross-contact, keeping customers safe. FDA and USDA compliant.

Standard Available Sizes
10.75x12 Flat and Interfolded
10.75x15 Flat and Interfolded

RECLOSABLE BAGS (PRINTED / UNPRINTED)

Reclosable poly bags are excellent for storing, displaying, protecting, and shipping all types of products. The zipper-type seal closes securely and is easy to open and close. Our Reclosable bags are engineered to rival any Reclosable bag at economical prices and you can find over 100 stock sizes of different Reclosable zip top bags. They are made with 100% virgin low density polyethylene, meaning they can be recycled and used for packaging food items.

Reclosable bags are available in 1 Mil, 1.25 Mil, 2 Mil, 3 Mil, 4 Mil and 6 Mil for your packaging needs. Our clear zipper bags can be used for many different purposes. Whatever your purpose, it's safe to say that our zipper seal makes these bags perfect for items that need to be kept fresh or repackaged. If you are looking for clear Reclosable plastic bags that have double track, hang holes or white blocks, they are also available in different sizes and gauges.

- Bags meet FDA/USDA standards for food contact
- Made with 100% virgin low density polyethylene
- Excellent clarity so you can see what's inside the bag
- Customized sizes available in different gauges
- Trustworthy zip closure protects your contents
- Perfect for storing, displaying, and protecting

Stand up Pouches

Our digitally-printed, custom stand up pouches help your products stand up and out, on the shelf. Our high-quality films, durable structures and photo-quality print technology ensure that your pouch has a premium look and feel, matched with best-in-class performance.

High Vapor Barriers

Films that block moisture, oxygen and aroma from entering or exiting the package.

Finish options

Choose from finish options including matte, soft-touch matte, gloss and metallized.

Hang holes

Hang your packaging on retail shelving with our round or sombrero hang holes.

Films

Film options including high-barrier, specialty, recyclable and metalized PET films.

Tear notches

Consumers can open your packaging with ease with the option to add a tear notch.

Closures

Choose between press-to-close zippers, Certified Child-resistant zippers or no zipper.

Variety of sizes

Pouches are available in a wide range of sizes to fit your product needs.

Print substrates

Films are available in PET, Metalized PET, PE, Recyclable PE, PCR and BOPP.

Transparent or clouded windows

Add a clear or clouded window so consumers can see what's inside your packaging.

Pouch bottom / Gusset options

Gusset options include DOY Seal, K-Seal, Plow Bottom and 3 side Seal (3SS).

Puncture & tear resistant

Packaging that won't tear or damage on the shelf, in transit or with customer handling.
